Others more wise are working at odd jobs, making themselves generally useful around town.

Mrs. Eugene L. Andrews entertained the Edith Parker's Sunday school class of the Congregational church at her home, Tuesday evening. The eight young ladies present were heartily in favor of the plan offered, that they should manage the mystery table at the annual church fair in December. NORWAY, ME. FRIDAY, MARCH 30, 1917. *am 5.*

VOLUME XLVIII

Rev. Caroline E. Angell

Rev. Caroline E. Angell, a well known Universalist minister, passed away in Portland Wednesday, March 28, at 8 p. m., pneumonia being the direct cause of death, her age being 75 years.
She was born in Smithfield, R. I., June 28, 1842. After receiving an academic education and graduating from the St. Lawrence University at Canton, N. Y., in 1876, she accepted a pastorate at Kittery, then to Pittsfield, coming to Norway in 1884. For twenty-one years she labored with marked success in this and surrounding towns, until she resigned for a smaller parish at Freeport in 1906. At the end of six years, failing health caused her to give up all active duties and since 1912 has been in the home of L. E. Porter at Portland.

Funeral services and burial will be in her native town, Smithfield, R. I. Miss Angell is survived by a sister, Mrs. A. K. Jordan of Philadelphia, and a nephew, I. A. Morey of East Hampton, Mass. A brother, who was connected with the Pullman Car Company of Chicago, died but a few weeks ago.

Miss Angell was the oldest woman minister in New England. She died at the home of Mr. and Mrs. Linwood E. Porter of 542 Stevens avenue, Portland, with whom she had been passing the winter.

Josephine F. Hemingway

Mrs. Josephine F. Hemingway, widow of John Hemingway, formerly of Milton, died in Norway, March 27 of pneumonia. She came here some three months ago and lived with a sister, Mrs. Sarah Page, on Danforth street.

She was born in Peru, May 19, 1851, the daughter of Peter and Experience (Howe) Hopkins. One sister, Mrs. Page, four daughters and four sons survive.

They are Mrs. B. H. Abbott of Bryant's Pond; Mrs. Ira Whitman of Mexico; Mrs. Charles Herick of Norway; Mrs. Ida Whitman of Bryant's Pond; Mrs. Leobanon; Guy D., and John of Bryant's Pond and Cleve of Milton.

Services will be held Friday afternoon at 1 o'clock in the home of Mrs. Sarah Page. The remains will be taken to Milton for burial.

Fire Protection Investigated

By request of interested officials of the Norway Village Corporation, John E. Shennett of Boston, a special agent of the New England Insurance Exchange inspected the fire protection situation here Tuesday and Wednesday.

Chief engineer John P. Culnan, Dennis Pike for the Water Company, and the inspector made the rounds together. They looked over the several hose houses and equipment, also located and tested the hydrants for pressure records in several localities.

Selectman George F. Hathaway was taken into consultation at the conclusion of the trip. Several changes were recommended, additional hydrants in certain districts being considered the greatest need if lower insurance is desired.

This survey is for the purpose of locating defects if they exist, and thereby secure a lower insurance rate in the corporation, when full protection can meet the requirements of the class in which we must be listed.

Mrs. M. L. McCrellis, who formerly lived on Paris street, but has been making her home with her daughter, Mrs. Charles Colwell at South Hancock, was operated on March 23, at the Bar Harbor Hospital. She is now nearly comfortable as could be expected.

An electric feed wire grounded in a large elm tree opposite Witherell Park during the heavy rain storm Tuesday night. The wire broke and fell to the street, where a limb six inches in diameter was burned away through. New cable was in working order late in the forenoon Wednesday.

Dr. Irwin K. Moorhouse left Tuesday for a short visit to New York. Before his departure he had important business at the town clerk's office, where marriage certificates are usually secured. Congratulations will be in order on "their" return.

Arrangements are being made for a wrestling match between Homer Truman and J. G. Brown, the latter being champion of the world. Brown is listed at 158 pounds and a hard fellow to throw.

The following is the schedule of the Norway High School baseball team:
Apr. 21-N. H. S. at Hebron.
22-N. H. S. at Rumford.
23-N. H. S. at Goulds.
24-N. H. S. at Paris.
25-Edward Little at N. H. S.
26-Goulds at N. H. S.
27-Rumford at N. H. S.
28-N. H. S. at Edward Little.

30-N. H. S. at Rumford.
31-N. H. S. at Paris. (Pending)

The M. E. Sunday School Department Workers will meet at the vestry Wednesday, April 4, at 7:30. There will be a review of lessons, entertainment and refreshments. It is desired that all members be present.

Edith Rideout, teacher at Rockland, is spending the vacation with her mother, Mrs. Rose Rideout and sister, Florence. C. Elmer Russell has been at home this week suffering from an attack of pneumonia. He is working for the Millett Bros. and gave up only when it was impossible to keep moving. He is gaining and serious consequences are not expected.

Mrs. Clara Bradbury is spending a few weeks with her sister, Mrs. Alfred Hebard, on Tucker street.

LOCAL PICK UPS, ETC.

Plow every available foot of ground this spring. Food stuff is needed.
War is coming and this means waste, destruction, poverty and sorrow. Prepare for it.

Paint your rubber boots black and be less conspicuous! Harry Lovejoy wasn't offended when I told him this.

Trouble in the house of Stearns on Orchard street! National flag was floating up-side-down last Monday. Sorry for the Colonel.

Kitchen gardens will help to reduce the high cost of living. Cut out the movies and quit burning gasoline for pleasure riding.

Opinions vary as to the wintering of our permanent street. Some contend it is better than the cold spell O. K. Others think differently.

The legislature has been wrestling with water and women and now it is struggling with war defenses. Hope it expressed it may soon adjourn.

A nice leather traveling bag, a present to Tom Raymond, was plucked with contents from him on his last visit to Boston. He set the bag down in a hotel office and when he turned round to pick it up, it wasn't there and hasn't been seen by him since.

"Have you any up-to-the-minute local cuts?" was breathlessly asked by a poor Portland chap, who is working up a Norway Special for the State Board of Trade Journal. We have no such animals about this shop, but all half-tones will be cheerfully loaned.

"If your husband gets well it will be a miracle and you know miracles don't happen," Mrs. Charles Herick said to Mrs. Ida Whitman of Bryant's Pond, who is made by a Portland specialist to Mrs. F. Q. Elliott a year ago over the condition of her husband. Jack is now very much alive and goes to the post office every day. His health is better than for several years past. Was it a miracle or a mistake on the part of the physician?

School roll of honor appears in the paper. I have been indulging the hope of seeing it "true and perfect" before I die, but the Upper and Middle Primary schools give only "baby names" and again I'm disappointed. The children deserve to appear in their legal names in the paper. It can't be that there are no pupils in those two schools who are "the roll of honor" and have no middle names.

Frank H. Hurd has a blacksmith shop equipped with modern tools. In the upper story he has power wood working tools for the manufacture of heavy running gear. I recently saw him putting together an auto truck body. Lou Cushman. Every screw was dipped in white lead and the joints are water tight. Frank doesn't drive screws with a hammer, but he does two days' work in each ten hours and has the best equipped shop in this county.

"There is no cord in that pile. Do you think it?"
I said it looked small, and added, "If you get seven feet for a cord you must be satisfied."

A few days later I met the complaining man and he said, "I've piled over that wood and measured it and will you think it, it's an honest cord and you and I guessed wrong."

Measuring wood with the eye is dangerous, it is common practice to claim shortage.

E. F. Bicknell's health is much improved over last winter. He has quit using water that runs through a lead pipe. A year ago he was pretty much shortened up and it was with difficulty he got about. It was called rheumatism. Wise one said it was lead poisoning. He stopped using lead pipe water with results as stated.

Mother has built the fire for many years and has become an expert. I've rather encouraged her in so doing. Some how she rolls stove wood up in old newspapers and lights it and away goes the blaze without let or hindrance.

When I'm permitted to meddle in such affairs it acts very differently and refuses to burn. Recently I was given a lesson in it so simple I'm to inform our readers.

Roll the small cleft wood loosely in old newspapers; fold one end up over the end of the wood, leaving the other end of the paper open and nearest the draft, touch match to newspaper end and the chimney draft will do the rest.

A modern 16 page paper is ample, if properly rolled round dry wood, to start a fire, but you must know how. Mother will show you.

Oxford Castle, No. 2, Knights of Golden Eagle, held their 14th annual anniversary, Wednesday evening in K. of P. hall. Ladies' night was observed with about thirty-five couples present. Milliken's orchestra, five pieces, furnished music for dancing. Card games were also in order and a buffet lunch was served at intermission.

Harry Goodwin has retired from poultry raising, having sold the business to his brother, Archie Goodwin. Eight hundred chickens were out Saturday and more are due shortly.

Solon Moore is visiting relatives and friends in Bethel.

FISH AND GAME ANNUAL MEETING

It will be held at the Municipal Court room next Monday evening at 7:30 and all members are expected to be present. Reports for the work of last year will be made and plans for this year will be outlined.

LOCAL FRUIT GROWERS' MEETING

It will be held at Grange Hall, Norway Thursday, April 5th, commencing at 10:30 a. m. Members of the Maine Pomological Society will be present and all the speakers will be familiar with fruit conditions as they exist in this state. The principal subject under discussion will be "Better Care of Fruit Trees and better apples and a better market."

Demonstrator, George A. Yeaton, will have charge and a profitable meeting is assured.

Come so as to stop all day.

Strong Wrestling Show Coming

Promoters Tom Raymond and L. M. Carroll have a strong, attractive wrestling bill for the Opera House, Norway, next Tuesday evening, April 3.

Homer Truman, the Norway strong man, has agreed to meet "Kid" Bolduc of Salmon Falls, N. H., champion light weight of New Hampshire. Truman must throw the snappy little mat artist three times within an hour to meet the requirements of the match. "The Kid" made a hit at the last show with his skill and knowledge of leg action, so the pair should make all sit up and take particular notice. Many question whether or not the students are keener and more alert in their studies, and the customary dull, sleepy afternoon has been eliminated.

Homer Truman expects to go on in a wrestling exhibition Saturday evening at Riverside Theatre, Bridgton. Ed Dyer is the promoter.

The annual weighing of mails at the post-office will begin Mar. 27 and continue 105 days.

Glenn Buck of East Sumner, who has been caring for her grandmother, Mrs. Volesta Kimball, for three weeks, returned home Saturday, as the patient is recovering rapidly and able to sit up several hours every day.

The Public Utilities Commission have ordered a hearing at the court house in South Paris, April 11 at 10 o'clock in the forenoon to investigate the complaints against the Oxford Electric Company.

Arthur Welch's inventive genius that successfully converted an ordinary sitting room coal stove into a practical "porcupine" boiler.

With several odd pieces of different sized piping, some sheet iron and a few tools, "Wizard Mickey" built a heater good to hold 200 pound steam pressure against all odds. Four gallons of cold water can be made to register 100 F. in five minutes with a slow fire. This outfit will be installed in the South Paris Home Bakery when Wilson Walker takes the business over in a few days. The half bushel of clams were cooked in a short time by live steam from this boiler and they came out slick too, open just right and tender.

In the dignified party were Wilson Walker, Elton Brown, Selectman Alvin Brown, Tax Collector Chas. H. Pike, Dennis Pike, Alvin L. Buck, Fred Brown, George R. Stephens, "Shutty" Noyes, Bill Libby, Clarence Parker, John Cleaveland and W. S. Chandler.

Veranda Club Notes.
The Veranda Club met in regular session Thursday evening, March 22nd, with Mrs. Maggie Libby as hostess. This was a meeting of unusual interest. A good attendance was noted of both officers and members and it will always be remembered as one of the many social gatherings of the Club.

The consolidated reports of the annual sale held in Grange Hall, March 14 by the several committees on the tables show a net result of nearly \$50.00. The sale was considered the best in many ways that has been held for several years. It was largely attended and the patronage of the public is greatly appreciated.

The next meeting will be with Clara Edridge Thursday evening, April 12th. There will be a busy meeting of ice cream, salted, fancy cookies and judge were served. A jolly horse-sled ride was given the club for conveyance by Mrs. Vira Kilgore.

F. W. SANBORN,
Norway, Me.

Harry Rust, W. R. C. No. 45, will hold their regular meeting Thursday evening, April 5, in Woodman Hall at 7:30 o'clock. Two members will be received into membership, and refreshments will be served. A program will be presented by the members "for the good of the order" and each one is requested to carry their patriotic song books.

The N. H. S. senior party has been assigned as follows:
Valedictory—Katherine H. Jones.
Salutatory—Virginia Mixer.
Eulogy—Ruth Pike.
History—Lillian Gibson.
The first two parts were assigned by the average rank, which in this varied less than one point between the leaders. The last two were selected by a class vote.

H. F. Howard of Portland, representative of the Chamber of Commerce Journal of Maine, is in town on business.

School Announcements

Norway schools commence on the spring term Monday, April 9. Schools in Waterford begin April 23.

Edith Millett has been transferred from the Chapel district to the Center. No spring session will be held at Noble's Corner, so all scholars will be transported to Swift Corner.

Mrs. Harriett M. Spiller of Mechanic Falls will teach the eighth grade. She comes highly recommended, having had several years' experience in the complete grammar school work and thoroughly efficient.

The transporting scholars from Norway Lake to the village has been discontinued by the school board. A census was taken among the pupils concerned by this change, and nearly all have signified their intention of continuing in the grammar grades, finding somehow a way to get down.

This speaks strongly of two things on their part, a typical New England determination to learn, and good sense by picking the best advantages even at a physical sacrifice. Truly no better endorsement of the system now offered in the High building could be desired.

Many local rural teachers have been investigating the warm lunch idea as in operation at Crockett Ridge school. Both Supt. T. O. Morrill and the teacher, Ruth Holgate, have worked hard for the success of this innovation and have received the healthy cooperation of all parents in the district. Observations show that greater progress has been made along the whole line since the warm dinner plan started. The students are keener and more alert in their studies, and the customary dull, sleepy afternoon has been eliminated.

Homer Truman expects to go on in a wrestling exhibition Saturday evening at Riverside Theatre, Bridgton. Ed Dyer is the promoter.

An interesting collection of pictures are being shown in the window at the N. Dayton "Bolster" Co. store. They are stereoscopic views and other photographs taken in South Paris years ago, showing street scenes and a number of the largest buildings, including the old Oxford Normal Institute. Some of the views date back nearly fifty years, and have an entirely unfamiliar look to the present generation.

The Philatheas of the Baptist Sunday School held their annual banquet at the vestry of the church Monday evening. After supper a short program of music and readings was enjoyed. A social time followed.

About \$7,000 has been raised by the committee appointed by the South Paris Board of Trade for the shoe factory. Business houses are expected to sign up the \$3,000 more that are needed before a start in that direction can be made.

Charged With Stealing Rubbers
To live things up a little for those court attendants who were well toward the end of the second week, a mock trial was held in the court room Thursday evening. Deputy Sheriff Frank F. Woodside of Fryeburg was tried on the charge of stealing a pair of rubbers. Deputy Sheriff Leon M. Small of Mexico was judge, Bellevue of Rumford and Berman of Lewiston were the attorneys, and all the court officers were filled. While mainly impromptu, and rather light comedy, the trial furnished a lot of amusement for an audience which pretty well filled the room. A collection was taken which will go to the Belgian relief fund.

This is open to the public.

Bean Threshing Plant
Rev. C. G. Miller is arranging to install complete bean threshing facilities at his home on Hill Street, South Paris. A five horse power electric motor deriving current from the Oxford Electric Co.'s wires will operate a large new threshing machine besides the one Mr. Miller purchased and used last season. The plant will be up to date in all particulars including winnowing and cleaning apparatus, scales, etc. Mr. Miller will thresh all the beans in bush and pole beans for seed and market purposes, which with the product of other bean fields and gardens in Norway and Paris will keep the threshers quite busy this fall.

W. J. Wheeler has been on a business trip to Boston for a few days, and visited his daughter, Mrs. Roy E. Cole, at Canton, Mass.

Mr. Pleasant Rebekah Lodge had accepted an invitation to the Rebekah Lodge of Auburn to visit them on the evening of April 3d, in connection with the lodge at Norway and Mechanic Falls. The trip has been given up on account of not being able to secure transportation. The Grand Trunk is unable to furnish cars, engine or crew for a special train.

Mrs. Florence Chapman fell on the ice and broke her wrist at the factory of the Mason Manufacturing Co., while going to her work at the factory.

Surprise Birthday Party

The love and good fellowship which is held toward Mrs. Harry Estes by her neighbors and friends was demonstrated for her on March 23, when about 55 gathered at her home in the way of a birthday surprise party, and a complete surprise it was, both to Mr. and Mrs. Estes. Mrs. Estes was away for an hour and when she returned she found her home filled with guests.

After all the guests had arrived and the greetings were over, a birthday box was presented to Mrs. Estes by Mrs. Delerene Cole, who addressed a few fitting remarks in the presence of all.

Amid surprise, appreciation and gratitude, Mrs. Estes opened the box and found that it contained a beautiful raisin in colored silk dress with white trimming, a silk waist, several small articles and a small piece of silver coin. At the request of her guests, Mrs. Estes donated her new dress and was heartily applauded by the crowd.

After the excitement had subsided, all joined in singing for some time, with Mrs. Eugene Stoor as organist.

In due time refreshments of cake, cottage cheese, and cakes, that were a credit to the culinary art was served. Mrs. E. A. Record and Mrs. Fred DeShon taking the place of hostess and they filled it to perfection.

Among those present were Mrs. Eugene Stone, Mrs. Delerene Cole, Mrs. A. M. Chase, Mrs. William, Mrs. Alice Coffin, Mrs. Freeman Morse, Mrs. Fred DeShon, Mrs. Fred Farnum, Mrs. James Farnum, Jr., Mrs. Evie Lakin, Mrs. A. C. SLEEPLESSNESS

Often goes with INDIGESTION

If you eat a hearty meal at night, especially when tired at the end of a hard day, and then go to bed after sitting quietly in a close room for a few hours, troubled sleep is quite likely to follow. All you can get is a habit of taking a brisk walk of thirty or forty minutes in good, fresh, outdoor air after supper, you are less likely to suffer from disturbed sleep or nightmare.

But, if the weather should prevent the walk, a teaspoonful of "L. F." Atwood's Medicine will aid digestion, your sleep will be more peaceful and you will not suffer from constipation. All dealers sell it, 35 cents large bottle. "L. F." MEDICINE CO., Portland, Maine.

agave kettle and drunk from tin dipper,
sandwiches, olives and fudge served in
poverty stricken dishes and salted nuts
in Herat's bowls at the tables were
refreshments. Tally cards were of
course brown paper decorated with
old advertising pictures, with stubs of
old pencils tied on with twine. One of
the members was made up as a tramp
and an evil looking one he was with his
black eye, red nose, dented hat and
the meeting he called at the home of a

JOSEPH ANDREWS' LETTER

Interesting Incidents Concerning His
Visit; Many Changes in the Frye-
burg Villages; Reminiscences of 50
Years Ago, etc.

The old farm where Caleb Swan pitch-
ed his tent 150 years ago, in 1766, is
much the same when I first remember
it about 67 years ago, and I believe, but
am not sure, that it has been in Swan
Ballard family ever since. Mr. and Mrs.
Ballard are hard working, industrious
people and have raised up a family of
which they may well feel proud. They
have a neat home, a good herd of cat-
tle, a fine flock of chickens and a well
filled barn. I noticed two fine white
shots in the pig pen. May peace, plenty
prosperity and good health be theirs for
many years to come.

The fine electric power plant at the
falls has been enlarged and very much
improved since I was there four years
ago and I should judge it to be a good
investment for the owners, and a great
convenience to all the people in town and
country for many miles around.

On the morning of Sept. 3d, I left
Bethel in West Fryeburg for a walk
around the big bend in the river and a
three days' visit with friends in Mad-
ison City. The harbor and Fish St., I passed
the little white schoolhouse which has
stood there for a long, long time, also the
site of the old Wiley tannery and about
three miles down the road, the old Jewett
Hall, fine old family home, now in the
hands of strangers. Many changes have
been made in the place and its name
changed to Riverside Farm I believe.

When I visited the Haleys for the last
time, about 24 years ago, Mr. and Mrs.
Haley and Uncle Amos were running the
farm all alone. For summer visitors
they had their daughter Etta and one of
her daughters from Portland and Mrs.
Haley's brother, John Colby and wife
from Chicago. Across the way and ten
or fifteen rods distant lived Mrs. Osborn
Charles and daughter Olive, and son-in-
law, Willard Mansfield, on a small farm
owned by them. I remember that I had
a very pleasant visit on that occasion,
and I note with sadness that of the ten
that I met then, only three are living now.

Within a mile or so of Mud City I
passed the neat little Universalist Chapel
erected in 1836 and not much further
down the road, the site of the farm at
the hospitable home of A. C. Gray and
wife (nee Julia Heald) I tarried for the
day and night. They have a fine home
and a large farm. They were all alone
and prospering with plenty of hard work
to do. They would like to sell the place
and retire. I have since learned that
the place was sold. With Mr. Gray I
visited the corn canning factory just out-
side of the village which had just started
up and watched with interest the process
of canning one of Maine's most noted
products, Sweet Corn. My second day
and night I enjoyed very much at the
home of Leonard Andrews and wife (nee
Annelia Heald). Their son, Langdon, a
very promising young man, was at home.
He was employed as weigher if I remem-
ber right at the canning factory.

My third day was spent with the fam-
ily daughter and more convenient to
church and town, they bought a nice lit-
tle home at the Harbor and moved in
from the farm. They still keep the farm
in Stow which we visited that day, also
their fine intervals field near the Harbor.
They own valuable timber land and farm
land and have money in the bank and are
prospering.

I found his mother Mary,
87 years of age, quite smart and a woman
of her age, clear of mind and of good
light house work. The younger Mrs.
Kimball had undergone a serious surgical
operation not long before and was slowly
recovering and able to do light house-
keeping. Mr. Kimball insists that I save
him some of his. Joe and his father,
Moses Kimball, used to work for us
on the farm. Uncle Isaac always kept a
scrub bull on the place. At that time he
had raised two, they were three or four
years old and with them we did all our
plowing and other farm team work. One
day Joe and I were teasing one of the
boys, and the barn yard, when he drop-
ped his head and after a while he fell
full tilt, and was close to his heels when
threw a large rock which I chanced to
have in my hand, with all my might and
as a matter of good luck it struck the bull
squarely in the head and stopped his
mad run. You better believe we did not
know any more with that animal that day
or ever after.

MILL DESTROYED BY FIRE

The spool-mill at Lynckville, conducted by Bartlett & Elliot, burned shortly after it was shut down Monday night.

The fire had made such head way when discovered that the whistle could not be blown, and help was summoned by telephone, but owing to the innumerable nature of the contents it went like powder.

There was a load of finished spools in the mill ready to be sent to market, twenty thousand feet of new lumber in the dry house ready to come out Wednesday and three dry houses filled with stock all of which were burned.

This mill was burned thirty-five years ago to replace the one destroyed by lightning at that time. Lightning struck twice last summer, but without serious damage. The company have sustained a severe loss and the men employed are thrown out of work.

Several teams have been engaged in hauling new lumber to the mill, and there is much more being sawed which had not been delivered.

If not rebuilt the loss of this mill will be keenly felt in the village and surrounding country.

Thousands of Children Have Worms

Their parents do not know it. Symptoms of worms in children are: Deranged stomach, swollen upper lip, sour stomach, offensive breath, hard and full belly with occasional gripings and pains about the navel, pale face of leaden tint, eyes heavy and dull, twitching eyelids, itching of the nose, itching of the rectum, short little red points sticking out on the tongue, starting during sleep, slow fever.

Grown folks are subject to worms also. The one best remedy is Dr. True's Elixir, the Family Laxative and Worm Expeller. Good for adults also. Mrs. Curtis, of Houston, Texas, believes this and writes that she will be glad to tell her friends of the benefits she has received. Get a bottle today at your dealer's. 35c, 50c, \$1.00. PEPSIN NUX IRON and

Sarsaparilla—Fine Course of Medicine.

Physicians and pharmacists have long known the desirability and difficulty of combining iron—a superlative tonic—in a blood-purifying, appetite-giving medicine.

The combination of the iron with Hood's Sarsaparilla has now been secured through the happy thought of prescribing Peptiron Pills in connection with the Sarsaparilla—the latter to be taken before eating, Peptiron Pills after.

In this way the two medicines work harmoniously, giving four-fold results in blood-cleansing and up-building, in very many cases.

Peptiron Pills include pepsin and iron,—note the name, Peptiron Pills,—nutrients, manganese, other tonics, digestives and laxatives.

What better course of medicine can you imagine for this season? You get blood-purifying, appetite-giving, liver-stimulating qualities in Hood's Sarsaparilla and great strength-makers in Peptiron Pills. Buy these medicines today.

NORWAY AND VICINITY.

Amos French, aged 59 years, an old time resident of Norway, died after a long illness at the home of his son, Chester G. French, North Norway, March 17, being the last survivor of a family of ten children.

He was born in this town, Sept. 24, 1828, the son of James French, Jr. and Anna Whitney French, and the grandson of James and Abigail Fletcher French, who migrated to Norway in 1798 from Andover, Mass.

On November 5, 1857 he was united in marriage to Lucina Dunn of Norway, and they settled on a farm in the northern part of the town, where they lived for many years and succeeded. Of the five children, four are living, Carrie E., Chester G., Aldro A. and Angie L.

The funeral was held Wednesday afternoon at the Norway home attended by Rev. H. L. Nichols. Burial in the Chapel cemetery.

The Norway Local Milk Producers' Association had an interesting meeting at grange hall March 21 in the afternoon, there being a good attendance. Several new members were admitted to membership. State Dairy Inspector, Mr. Adams, of Orono, Henry Judd, president of the South Paris Association and Geo. Richardson, master of the Norway grange, were speakers who gave instructive and interesting talks. President U. S. G. Abbott was appointed a delegate to attend the District meeting at Auburn Friday. Mr. Adams and Mr. Richardson attended the meeting of the West Paris Association in the forenoon where they found a lively organization.

Among the non-partisan committee of 100 on public safety, appointed recently by Gov. Milliken, are the following well known Oxford County men: Col. Albert J. Stearns, Norway; Theodore H. Hawley, Rumford; Leslie E. McIntire, East Paris; Alton C. Wheeler, South Paris.

Friday evening at 7.30, Rev. D. B. Holt, superintendent of Angus District of Methodist Churches will preach at the local Methodist church and the public is cordially invited to the service. After the preaching he will conduct the business of the Fourth Quarterly Conference. This is the last and most important meeting of the year, as reports from all departments are rendered and plans made for a new Conference year, so it is desired that every official shall be present.

Norway Grange

Norway Grange met March 24. An all day session was held, meeting was called to order at 10:45 by Worthy Master G. W. Richardson. Officers for term at opening exercises were Gladys Russell as opening exercises steward and Willard Buck as gate keeper, after which all officers were present. Minutes of last meeting read, also communication from committees of Agriculture, J. A. Roberts, in regard to a talk on spraying by Mr. Dudley of that department; Mary Haskell in regard to the Girls' Canning Club and Home Economics, also a letter from State Master W. J. Thompson in reference to the National Grange Monthly (which should be in every grange home) at this period. Brother A. E. Morse, the contest judge, read a poem on the high cost of living. It ended with such a pitiful (?) lament, we are inclined to think Brother Morse wrote it himself. No positive proof, though.

Seven candidates were then balloted in and elected to membership. The third and fourth degrees were then conferred on a waiting class of fifteen. A recess was declared and a Harvest feast was served under the supervision of Hattie Brown and assistants. Meeting again called to order and the time given to the Captains who presented the following numbers:

(Capt. Jackson) Ready for the Front (Original song) in costume, encore song, pertaining to the Red Cross.

PAINS SHARP AND STABBING

Woman Thought She Would Die. Cured by Lydia E. Pinkham's Vegetable Compound.

Ogdensburg, Wis.—"I suffered from female troubles which caused piercing pains like a knife through my back and side. I finally lost all my strength so I had to go to bed. The doctor advised an operation but I would not listen to it. I thought of what I had read about Lydia E. Pinkham's Vegetable Compound and tried it. The first bottle brought great relief and six bottles cured me. All women who have female trouble of any kind should try Lydia E. Pinkham's Vegetable Compound."—Mrs. ETTA DORION, Ogdensburg, Wis.

Physicians undoubtedly did their best, but I could not get any relief. I had no more, but often the most scientific treatment is surpassed by the medicinal properties of the good old fashioned roots and herbs contained in Lydia E. Pinkham's Vegetable Compound.

If any complication exists it pays to write the Lydia E. Pinkham Medicine Co., Lynn, Mass., for special free advice.

WHY A PIANO?

We are HAPPIEST when our lives are FULLY ROUNDED OUT by the proper experiences, and if we don't include ART in those experiences, we have missed the combination. MUSIC is just as much needed in our home—in ANY home—as different foods are at a meal. We can't get along on bread alone, or meat alone, or anything else by itself. And we can't say that we have lived up to our full measure without music. The PIANO is an essential in your home—because its results is an important part of Happiness. And to be Happy is to have secured the best that life holds.

SOUTH PARIS,

OTISFIELD GORE.

Freeman-Rowe
The nuptial knot was tied between Ralph M. Freeman of Norway and Gladys W. Rowe of Oxford at the Universalist parsonage in South Paris, Saturday evening, March 16, the officiating clergyman being Rev. C. G. Miller, the couple being unattended.

The bride was becomingly gowned in white crepe de chine with garniture of lace and silk. Mrs. Freeman is the daughter of Mr. and Mrs. Albert Rowe, well known residents of Oxford. She was born and always lived in Oxford, attending the public school in Oxford and graduated from the Oxford High school in the class of 1913. Mrs. Freeman has been one of our best school teachers. The groom is the son of Mr. and Mrs. Chas. Freeman of Norway, where he attended the public school and Norway High.

Saturday evening, March 17th, Mr. and Mrs. Freeman held a reception in Frederick Robie Grange hall at Otisfield Gore, where they are both members. Although the weather was very bad a large number of relatives and friends attended and fairly buried the happy pair with many expressions of good will and congratulations, even confetti lined up to its customary matrimonial duties. The Oxford orchestra furnished music and dancing was enjoyed until a late hour. Refreshments of ice cream, cake and cigars were served and a very pleasant evening was enjoyed. Mr. and Mrs. Freeman were the recipients of many beautiful and useful presents, of which the following is a list:

CARD OF THANKS

We wish to extend our sincere thanks to the neighbors and friends who have so kindly remembered us this winter, for the beautiful flowers, fruit and cards; also the little children of the village for their loving messages of cheer, which have all tendered to make our life brighter.

MR. AND MRS. HARRINGTON MANN
AND DAUGHTER, PERIS.
West Paris, March 21, 1917.

WEST PARIS

Mrs. Mary Augusta Wyman
Mrs. Mary Augusta Wyman, wife of Freeman L. Wyman, passed away at her home Monday afternoon after an illness of about two months. She was born in 1839, March 23, in Woodstock. Her parents were Drusilla Fuller and Daniel Perkins. She and Mr. Wyman were married Oct. 8, 1865. They celebrated their golden wedding in 1915.

Mrs. Wyman was favored with a good education and taught school for several years during her younger years. She was a keen business woman and a great help to her husband during their early struggles on their farm on Curtis Hill and the wonderful result in apple orchard and small fruit fields of the present time can fully testify. Her winter work first was making straw hats and later she took up making May baskets, which were very beautifully decorated with paper flowers supplying all the nearby towns during the May season, requiring several hundred. She united with the North Paris Baptist church when she was seventeen years of age and her faith in God has been her hope and strength through all these years.

She was a member of Franklin Grange at Bryant's Pond almost from the earliest beginning of the Grange work, when West Paris Grange was organized, they both received a demit and joined here. She was lecturer here for several years and her original papers and poems were always helpful and appreciated. She was a member of the William K. Barrows Relief Corps of West Sumner.

She will be greatly missed in all these places for she was a social person and one who was always ready to help people just as long as she possibly could. Even when it would seem that she was too feeble to do so. She has been lame with rheumatism and growing more feeble with age for a number of years, but not confined to the house until a month or two ago, and has just grown weaker each day until the end.

She leaves beside her faithful husband, one son, Perley A. Wyman who lives on the home farm; one daughter, Cora, wife of Will E. Lurvey, died a few years ago. She also has one sister, Mrs. Hannah Bryant.

The funeral was held at the home Thursday afternoon at one o'clock, Rev. Sarah A. Robinson officiating. The tokens of friendship were many in the form of flowers, etc.

Edward Burnham went to Portland for a two weeks' vacation.
H. H. Wardwell is finishing off a rent in their house and Mr. and Mrs. Fred Smith expect to occupy it.
